Search and Access ASME BPV and Piping Code Interpretations Anywhere, Anytime!

Why spend your time and energy searching a mountain of paper ASME Code Interpretations for that one interpretation you need?

✓ **Save your company time and money**

Search, organize, and print over 10,000 Interpretations of the ASME Boiler and Pressure Vessel Code (all sections, parts and divisions) and the two most popular pressure piping codes, (B31.1 and B31.3) in the most powerful database available online, at a very affordable price.

Since 1977, code users like you have been asking ASME code questions to the code committees with their answers published as Code Interpretations.

You can now access the complete collection of Code Interpretations online.

✓ **Powerful and Fast Search Engine**

Features standard and advanced search options

✓ **Access and Search Anywhere-Anytime!**

Log on anywhere, anytime using just an Internet browser and your username and password.

✓ **Always Up-to-Date**

Your account will include all new Interpretations published during the subscription period. You'll never need to update with diskettes, CDs, or new software. ASME Code Interpretations will always be fully updated every time you logon.

✓ **Affordable Pricing**

Purchase access to the database in blocks of 1 hour, 10 hours, or 50 hours. Buy more hours and earn a greater discount. Multiple users can share one account. Time used will be calculated based on the number of users logged into the system and the length of time they used.

✓ **Easy to order**

See the other side of this page for 3 easy ways to order. Free trials are also available.
